

Research Associate or Postdoctoral Fellow in Neurosciences, Sunnybrook Research Institute

Status: Temporary Full-Time (1 year)

Estimated start date: June 2016

Sunnybrook Research Institute is looking for a Research Associate or Postdoctoral Fellow or who has a strong research background in studies of neurodegenerative disorders. The position is will work under the supervision of Dr. Mary Tierney and is supported by the Women, Gender, Sex and Dementia Program of the Canadian Consortium on Neurodegeneration in Aging. The focus of the position is on research projects examining sex differences in neurodegeneration and will be located at Sunnybrook Health Sciences Centre.

Skills and Qualifications

- Ph.D or Master's degree in psychology or cognitive neuroscience.
- Demonstrated research capabilities with a track record of prior academic authorship.
- Proficiency with statistical software packages, e.g., SAS or meta-analysis software.
- Experience with literature reviews following systematic guidelines, e. g., PRISMA or MOOSE guidelines, would be ideal.
- Excellent oral and written English skills.
- Highly motivated, detail-oriented individual

Qualified candidates are invited to submit a resume and cover letter **by May 27, 2016 to:**

Ms. Bonnie Au bonnie.au@sunnybrook.ca.

Applications should be submitted electronically and should include a cover letter describing how the candidate's background and qualifications meet those described above for the position; complete Curriculum Vitae; unofficial transcripts and up to three published documents written by the applicant demonstrating the applicants' skills and qualifications for this position.

The Sunnybrook Research Institute is committed to providing accessible employment practices that are in compliance with the Accessibility for Ontarians with Disabilities Act ('AODA'). If you require accommodation for disability during any stage of the recruitment process, please indicate this in your cover letter.

We thank all applicants for their interest but only candidates short-listed for interview will be contacted.
